HYBRID EVENT

About Conference

Scitechseries cordially invites a worldwide global audience and presenters to participate as a speaker/delegates/young researchers at **3rd International Conference on Artificial Intelligence in Healthcare** and Industry, which is scheduled to be held in **Toronto, Canada** from **19-20 August 2026.** The special interest and theme of the conference is "The Power of Artificial Intelligence in Healthcare". AI in healthcare refers to the use of machine learning, natural language processing, deep learning and other AI technologies to enhance the experiences of both healthcare professionals and patients. The data-processing and predictive capabilities of AI enable health professionals to better manage their resources and take a more proactive approach to various aspects of healthcare.

This **Hybrid Events** allow you to participate as In-Person at Toronto, Canada or Virtually from your home or workplace.

Artificial Intelligence (AI) in Healthcare

In the past several decades, there has been an explosion in the development of artificial intelligence (AI) technology, catapulting numerous industries into an era of rapid changes. The swiftly advancing and developing technology promises to introduce even more change, particularly in healthcare. Forecasters predict that AI in healthcare will grow from its estimated 2023 worldwide market value of $19.27 billion to $187.7 billion by 2030. The evolving role of AI in the healthcare industry—and its expanding potential to deliver transformative benefits to providers, patients, and payers—is a key area of focus for Veradigm. That's why we have compiled this in-depth guide to AI: what it is, AI's role in healthcare, AI's current and developing healthcare applications, benefits and challenges, ethical considerations, and more.

GLIMPSES OF PAST EVENTS

OUR TESTIMONIALS

Connie Rogers, Institute of Integrative Nutrition, USA

Thank you for inviting me to join your event. I enjoyed being part of your team of professionals! There needs to be more group conferences like yours showing the world how to remain healthy and remove those things that can be harmful. ***** Five star!

Sofica C Bistriceanu, Academic Medical Unit, Romania

I am grateful for the opportunity to broaden my knowledge by listening to the data shared by famous physicians and nurses with decades of experience and beginners in this field worldwide. Various topics and presentation styles made it memorable, and I am eager to add other new reflective data..

Vladimir Gorchakov, Novosibirsk State University, Russia

I want to congratulate all conferees for big achievements in food science. The conference showed the relevance. Organizers of a conference deserve separate gratitude. Work of a conference took place according to the schedule. The indication of local time in the program for conferees is positively apprehended. All reports are synchronized on time. Reports were very informative and gave a lot of useful information.

Andrey Pavlychev, St. Petersburg State University, Russia

The European Conference on Renewable Energy and Green Chemistry (ECRG 2024) is truly an outstanding event.

Angela Allen, NC State University, USA

The conference was great and attendance was good until the last presentation. I learned some new areas from them. The organization was great.

Weihong He, Sichuan University, China

The talks are interesting and the conference is well organized, providing an excellence platform to meet new people from different parts of the world in the field of Green Chemistry.

Ernesto Magallon Neri, University of Barcelona, Spain

Thank you for all the attention received from all members of the congress!

Anita Rakic, Educational Institute for Public Health Splitsko-Dalmatian counties, Croatia

I really thankful for the opportunity to attend the conference. It was a great success.

Koichi Shimizu, Waseda University, Japan

It was a nice experience to present my work for the audience in the different fields from my specialty, or biomedical optics. I enjoyed the meeting and appreciate your arrangements..

Sadeq Damrah, Australian University, Kuwait

What a delight it was to participate in such an organized summit with fun smart speakers. As a speaker, I met so many people I will stay in contact with regarding my topic.

Shirin Cantillon, Warwick Medical School, UK

The conference was a great opportunity to meet academics from all over the world and listen to interesting work. Although it was a very small conference, it was a good mix of in person and online presentations. I would recommend it for anyone who enjoys infectious disease.

American University of Kurdistan, Aree Saeed Mustafa, Iraq

I am presently serving as an Assistant Professor of Department of Accounting of Duhok University. I am very thankful to my management who gave me opportunity to attend this conference as a speaker. Global Entrepreneurship Summit Conference was awesome and it was a great experience for me.

Srinivasa Rao Pundru, Mahatma Gandhi Institute of Technology, India

The quality of talks at ECRG 2024 is good. Almost all scientific topics which are discussed in this event are very much useful in professional development of researchers. The scientific committee did a good job in selecting the speakers as well as in conducting the event of ECRG 2024.

Tourist Attractions

Toronto, the capital of the province of Ontario, is a major Canadian city along Lake Ontario's northwestern shore. It's a dynamic metropolis with a core of soaring skyscrapers, all dwarfed by the iconic, free-standing CN Tower. Toronto also has many green spaces, from the orderly oval of Queen's Park to 400-acre High Park and its trails, sports facilities and zoo.
