

International Conference on Autism Research and Neurodevelopmental Disorders

November 11–12, 2027 | Amsterdam, Netherlands

Theme: "Advancing Autism Research through Innovation, Early Intervention, and Neurodevelopmental Science"

APPROVED PROVIDER
#785781

This HYBRID EVENT allows you to participate as In person at Amsterdam, Netherlands or Virtually from your home or workplace.

Overview:

The ICAND 2027 – International Conference on Autism Research and Neurodevelopmental Disorders is a premier international platform designed for researchers, clinicians, therapists, educators, academicians, and advocates working in the field of autism and neurodevelopmental disorders. The conference aims to promote knowledge exchange, showcase groundbreaking research, and explore the latest advancements in autism diagnosis, intervention strategies, assistive technologies, and inclusive practices.

This event will bring together global experts, healthcare professionals, educators, and policymakers to discuss innovative approaches that enhance quality of life, support individuals with autism, and empower families and communities worldwide.

Participants will have the opportunity to engage in meaningful discussions, gain evidence-based insights, and contribute to shaping the future of autism research and care on a global scale.

Sponsorship and Exhibitor Opportunities:

We are excited to invite you to sponsor and exhibit at ICAND 2027.

Download the Exhibitor and **Sponsorship** Prospectus. If you have more queries on Exhibitor and Sponsorship please write an email to info@scitechseries.com

Call for Abstracts:

We warmly invite researchers, clinicians, therapists, academicians, industry experts, and students to participate in ICAND 2027 by submitting abstracts that showcase their latest research, innovations, and findings in autism and related fields.

Whether your work focuses on clinical practice, research, education, or technology, this is an excellent opportunity to present your insights to an international audience.

A sample template is available on the Abstract Submission page of the conference website. All accepted abstracts will be published in the Conference Extended Abstract Book, which will be available online and distributed during the event.

Join us in Amsterdam, Netherlands, on November 11–12, 2027, and be part of advancing autism research and innovation by presenting your work at ICAND 2027.

Scientific sessions:

- Autism Spectrum Disorder (ASD): Advances in Research and Clinical Practice
- Neurodevelopmental Disorders: Current Research and Future Perspectives
- Genetics, Genomics, and Precision Medicine in Autism
- Neurobiology, Brain Development, and Cognitive Neuroscience
- Early Detection, Screening, and Diagnostic Innovations
- Biomarkers, Neuroimaging, and Digital Diagnostics
- Artificial Intelligence, Machine Learning, and Digital Health in Autism
- Translational Neuroscience and Emerging Autism Therapies
- Neuroinflammation, Neuroimmunology, and Brain Disorders
- Gut–Brain Axis, Microbiome, Nutrition, and Metabolic Health
- Clinical Trials and Innovative Therapeutic Strategies
- Behavioral Interventions and Evidence-Based Autism Therapies
- Speech, Language, Communication, and Social Skills Development
- Occupational Therapy, Sensory Processing, and Rehabilitation
- Executive Function, Learning, Memory, and Cognitive Development
- Mental Health, Anxiety, Depression, and Psychiatric Comorbidities
- ADHD and Co-occurring Neurodevelopmental Disorders
- Pediatric Neurology and Developmental Medicine
- Epilepsy and Neurological Disorders Associated with Autism
- Family-Centered Care, Parent Training, and Caregiver Support
- Inclusive Education, Special Education, and Learning Technologies
- Transition to Adulthood, Employment, and Independent Living
- Autism Across the Lifespan: Childhood, Adolescence, Adulthood, and Aging
- Sleep Disorders, Behavioral Health, and Quality of Life
- Public Health, Healthcare Policy, and Autism Advocacy
- Precision Medicine and Personalized Care in Neurodevelopmental Disorders
- Digital Therapeutics, Telehealth, and Remote Autism Care
- Assistive Technologies, Wearable Devices, and Augmentative Communication
- Global Perspectives, Epidemiology, and Health Disparities in Autism
- Future Directions in Autism Research and Neurodevelopmental Disorders

Important Dates:

Abstract Submission Opens on: July 20, 2026

Registration Opens on: July 21, 2026

For Abstract submission visit: www.scitechseries.com/autism-conference/abstract-submission

Conference Registration:

Speaker (Physical) € 574

Speaker (Virtual) € 369

Listener (Physical) € 645

Listener (Virtual) € 439

Exhibitor (Physical) € 2343

Exhibitor (Virtual) € 1334
