This HYBRID EVENT allows you to participate as In person at Amsterdam, Netherlands or Virtually from your home or workplace.

## Overview:

This experience will enable AI-Clinical Summit 2027 to foster a high level of scientific dialogue and meaningful discussion, thereby maximizing the value and impact of participation. The congress will provide comprehensive, research-driven insights into the latest advances in Clinical Trials, Healthcare Technologies, Pediatric Clinical Trials, and Geriatric Clinical Trials. By bringing together leading clinicians, researchers, and industry experts, the event aims to promote knowledge exchange, encourage collaborative partnerships, and support evidence-based decision-making. Ultimately, this platform will empower attendees to contribute to improved patient outcomes and sustainable advancements in kidney health for future generations.

## Sponsorship and Exhibitor Opportunities:

We are pleased to invite you to sponsor and exhibit at AI-Clinical Summit 2027. If you have more queries on **Exhibitor** and **Sponsorship** please write an email to [info@scitechseries.com](mailto:info@scitechseries.com)

## Call for Abstracts:

We warmly invite clinicians, researchers, industry professionals, and students in the fields of Digital & Decentralized Trials, Healthcare Technologies, Geriatric Clinical Trials, and Stem Cells & Bio-Healing to participate in AI-Clinical Summit 2027 and submit their abstracts highlighting cutting-edge research, innovations, and clinical advancements.

Whether your work originates from academia, healthcare institutions, research organizations, or industry, this congress provides an excellent platform to present your findings and engage with a global community of Clinical health experts.

A sample abstract template is available on the Abstract Submission page of the conference website. All accepted abstracts will be published in the Conference Extended Abstract Book, which will be available online and distributed during the event.

Join us in advancing Healthcare Technologies and shaping the future of Clinical Trial by presenting your groundbreaking research at AI-Clinical Summit 2027.
