MAY 20, 2026

Wednesday

Central European Summer Time (CEST)

(Hybrid Event)

08:30-09:00

Registrations & AV check

09:00-09:30

Opening Ceremony and Introduction

Moderator
Ahmed Abdellatif Mosleh Abdelfatah,
Tanta University, Egypt

KEYNOTE PRESENTATIONS

09:30-10:10

Title: Single Root Molars- Prevalence And Its Significance In Human Evolution

Uri Zilberman, Barzilai Medical University Center, Israel

10:10-10:50

Title: Khoury Technique with Autogenous Bone Versus Allograft Bone in Atrophic Anterior Maxilla for Implant Installation

Ahmed Abdellatif Mosleh Abdelfatah, Tanta University, Egypt

Coffee Break & Group Photo (10:50-11:00)

11:00-11:40

Title: The Digital Frontier in Prosthodontics: Innovation Meets Practice

Venera Bimbashi, University Dentistry Clinical Centre of Kosovo, Republic of Kosovo

11:40-12:20

Title: Endodontics Under Sedation Or General Anesthesia: Techniques And Success Criteria

Berta Rivas Mundina, Universidade de Santiago de Compostela, Spain

Chair:

Loredana Liliana Hurjui, Grigore T. Popa University of Medicine and Pharmacy, Romania

ORAL PRESENTATIONS

12:20-12:50

Title: Assessment Of Novel Boron-Doped Mesoporous Bioactive Glass Nanoparticles Loaded Alginate Hydrogel In Dogs

Marwa Samir Naga, Alexandria University, Egypt

12:50-13:20

Title: Early Detection Of Oral Epithelial Dysplasias Using A Combination Of Two Techniques Liquid-Based Cytology And Velscope

Farouk Mohammed, Sidi Mohamed Ben Abdellah University, Morocco

Lunch Break (13:20-14:20)

14:20-14:50

Title: A Survey Study Of Family Members' Encounters With Healthcare Services Within The Care Of Older People, Psychiatric Care, Palliative Care And Diabetes Care

Pardis Momeni, Marie Cederschiold University, Sweden

14:50-15:20

Title: Exploring Oral Health Related Awareness, Perceptions, Practices And Experiences Among Type 2 Diabetes Mellitus Patients: A Mixed Method Design

Aesha Fetaiha, Medical Aids for Palestinian, Palestinian

15:20-15:50

Title: Multikystic Ameloblastoma Of Mandible : A Case Reprt And Literature Review

Farouk Mohammed, Sidi Mohamed Ben Abdellah University, Morocco

15:50-16:20

Title: Minimally Invasive Implantology From Surgery To Prosthetics – Including Narrow Jaws, Internal Sinus Lift, And Immediate Implants

Armin Nedjat, Champions Implants, Germany

16:20-16:50

Title: The Invisible Patient: How Ai Misreads Neurodivergent Dental Communication And What This Means For Oral Health Equity

Syed Ghazi Abbas, The Grange School, UK

Coffee Break (16:50-17:00)

17:00-18:30

POSTER PRESENTATIONS

PB001

Title: Anti-Inflammatory Effect Of Hibiscus Acid On Periodontitis Induced In A Wistar Rat Model
Aleli Julieta Izquierdo Vega, Autonomous University of the State of Hidalgo, Mexico

PB002

Title: Trunatomy Increases Postoperative Pain Following Root Canal Treatment: Evidence From A Meta-Analysis
Mohamed Elshabrawi, Suez Canal University, Egypt

PB003

Title: Management Of Anterior Crossbite Using Growth Modification
Rahaf Alqadi, Ministry of Health, Saudi Arabia

PB004

Title: Endodontic Management Of Extraoral Fistula And Swelling From Chronic Periapical Infection: A Case Report
Gamze Uzun, Suleyman Demirel University, Turkey

PB005

Title: Surgical Management Of Oroantral Fistula Caused By Impacted Tooth Displacement Into The Maxillary Sinus With Caldwell–Luc Approach And Palatal Rotational Flap
Nihal Yagmur Ozcan, Suleyman Demirel University, Turkey

PB006

Title: Motivational Factors Among Nurses At The Lithuanian University Of Health Sciences Kaunas Hospital
Janina Ribeliene, Kaunas University of Health Sciences Hospital, Lithuania

PB007

Title: Beyond Alignment: Psychosocial Wellbeing And Self-Esteem In Adolescent Orthodontic Patients — A Narrative Review
Syed Ghazi Abbas, The Grange School, UK

MAY 21, 2026

Thursday

Central European Summer Time (CEST)

(Hybrid Event)

08:30-08:45

Registrations & AV check

Moderator

08:45-09:00

Opening Ceremony and Introduction

Thabang Siwela, Bhandal Dental Group, UK

KEYNOTE PRESENTATIONS

09:00-09:30

Title: Mh Etiology And Treatment Options

Uri Zilberman, Barzilai Medical University Center, Israel

09:30-10:00

Title: The New Era Of Tmj Arthroscopy: A Revolution In Diagnosis And Treatment

Ahmed Abdellatif Mosleh Abdelfatah, Tanta University, Egypt

10:00-10:30

Title: The Importance Of Nursing Training To Eliminate Laboratory Pre-Analytical Errors

Loredana Liliana Hurjui, Grigore T. Popa University of Medicine and Pharmacy, Romania

Coffee Break & Group Photo (10:30-10:40)

ORAL PRESENTATIONS

10:40-11:05

Title: The Human Side Of Dentistry: Clinician Self-Awareness As A Tool For Breaking Cycles Of Dental Anxiety

Thabang Siwela, Bhandal Dental Group, UK

11:05-11:30

Title: Orofacial Granulomatosis: Challenges And Innovations In Treatment

El Basraoui Ghita, International University of Rabat, Morocco

11:30-11:55

Title: Managing Class Iii Malocclusion

Rahaf Alqadi, Ministry of Health, Saudi Arabia

11:55-12:20

Title: Multidisciplinary Surgical Management Of An Extensive Radicular Cyst With Cortical Bone Destruction: A Case Report

Nihal Yagmur Ozcan, Suleyman Demirel University, Turkey

12:20-12:45

Title: Immunoinflammatory Mechanisms Connecting Periodontitis And Solid Tumors: A Systematic Review Of Original Evidence

El Ayachi Houda, Dentistry of Fez, Morocco

12:45-13:10

Title: The Oral-Systemic Link: Why Dentistry Is No Longer Just About Teeth In The Age Of Aesthetic Obsession

Thabang Siwela, Bhandal Dental Group, UK

Lunch Break (13:10-14:10)

14:10-14:35

Title: Oral Dysbiosis And Cancer Initiation: A Systematic Review Of Mechanistic Pathways Linking Periodontal Pathogens And Oncogenesis

El Ayachi Houda, Dentistry of Fez, Morocco

14:35-15:00

Title: Ultrasonography In Dentistry: An Explorational Study Of The Submandibular Region

Aini Nasar, University of Glasgow, UK

15:00-15:25

Title: Ecological Plaque Hypothesis Revisited: Can Natural Probiotics Restore Oral Microbial Homeostasis?

Ramesh Nagarajappa, The Oxford Dental College, India

POSTER PRESENTATIONS

15:25-15:40

Title: Treatment Of Class Iii Malocclusions With Miniscrews In Early Adolescence
Sidrit Beqiraj, Dentista, Albania

KEYNOTE PRESENTATIONS

15:40-16:10

Title: Syndromic Hypodontia
Abu-Hussein Muhamad, Sdental Clinics, Greece

Coffee Break & Group Photo (16:10-16:20)

16:20-16:50

Title: Disregard for an individual's accomplishments undermines their well-being
Sofica C Bistriceanu, Academic Medical Unit, Romania

16:50-17:20

Title: Care Of Tomorrow: Future Skills In Nursing Education And Their Role In Professional Identity
Noy Joelle Thiele, Berliner educational Campus for Health Professions, Germany

17:20-17:50

Title: The Importance Of Nursing Training To Eliminate Laboratory Pre-Analytical Errors
Bernd Blobel, University of Regensburg, Germany

17:50-18:20

Title: Reimagining The Future Of Oral Health: Personalized And Preventive Care As The New Frontier
Adewoye Daniel Goodness, University Of Medical Science, Nigeria

ABOUT EXHIBITOR

CHAMPIONS

We, **Champions-Implants GmbH**, are a German medical technology company based in Flonheim, specializing in the development, production, and distribution of dental implant systems. Since our foundation, we have pursued a clear goal: to make modern implantology more efficient, accessible, and cost-effective. We place strong emphasis on practical, real-world solutions that integrate seamlessly into the daily workflow of dental professionals—while also delivering clear benefits for patients.

Our mission is to develop high-quality implant systems that are easy to use while meeting the highest clinical standards. We aim to reduce treatment complexity, time, and costs without compromising on quality or safety. Our vision is to help democratize implantology—making long-lasting tooth replacement accessible to more people, regardless of economic limitations. Innovation, efficiency, and user-friendliness are the core values that guide our work every day. Our product portfolio includes minimally invasive implant systems, solutions for immediate implantation, and well-designed prosthetic components. We are particularly known for our two-piece implant system Champions (R)Evolution, as well as for our one-piece implant solutions and the MIMI® method (Minimal Invasive Method of Implantation), which enables gentle and time-efficient procedures. In addition, we offer training programs and comprehensive services to support dental professionals in their daily practice.

Among our key milestones is the successful international establishment of our implant systems across numerous markets, as well as the continuous expansion and refinement of our portfolio. Through hands-on training concepts and scientifically grounded approaches, we have secured a strong position in the field of implantology. Close collaboration with practitioners is essential to us, as it allows us to continuously improve both our services and our product range.

While many systems are becoming increasingly complex and costly, we consciously focus on a lean and efficient workflow. Our solutions are designed to simplify treatment processes while delivering reliable clinical outcomes—this is what we understand as modern implantolog

Upcoming Conferences

We wish to engage with you again in 2027...

4th European Conference on Dentistry and Oral Health

June 17-18, 2026 | Berlin, Germany
