

**IOVS  
2025**

**ScitechSeries**

**TENTATIVE  
PROGRAMME**

**SLOTS  
AVAILABLE**

**2<sup>ND</sup> INTERNATIONAL CONFERENCE ON**

# **OPHTHALMOLOGY & VISION SCIENCE**

**AUGUST 04-05, 2025 | BOSTON, USA**

**Theme:** "Advances in Vision Science and Clinical Practice"

**ophthalmology@scitechconference.com**

**<https://www.scitechseries.com/ophthalmology>**

**+44 2045874848**

**+44 2045250803**

**BOSTON, USA**

**IOVS 2025**

## **SCIENTIFIC COMMITTEE**

**ADAM REEVES**  
Northeastern  
University, USA

**CHAN ZHAO**  
Peking Union  
Medical College  
Hospital, China

**ISABELLA PANFOLI**  
Genoa University,  
Italy

IOVS 2025

**BOSTON, USA**

**IOVS 2025**

## **MAJOR SESSIONS**

- Ocular Oncology and Eye Tumors
- Cornea and External Diseases
- Ocular Hypertension, Ocular Migraine and Peripheral Vision Loss
- Ophthalmological Therapies
- Optometry, Ophthalmoscopy & Ophthalmic Pathology
- Vision Rehabilitation
- Uveitis Sclerites & Intraocular Inflammation
- Keratoprosthetics
- Eye Allergies, Eye Herpes and Eye Floaters
- Ocular Immunology and Microbiology
- Ophthalmology and Vision Science
- Regenerative Ophthalmology
- Ophthalmogenetics and Gene Therapy
- New Diagnostic Techniques and Instruments
- Pharmacology and Drug Therapy in Eye Diseases
- Ophthalmic Manifestations of Coronavirus
- Vision and Eye Movements
- Ophthalmic Healthcare
- Clinical & Experimental Ophthalmology
- Ophthalmology Diseases and Disorders

## KEYNOTE PRESENTATIONS

**Title:** How visual attention controls the range and properties of crowding  
**Adam Reeves**, Northeastern University, USA

**Title:** Multispectral Imaging (MSI) of Choroidal Ischemic Melanin Disruption and inflammatory Hyperpigmentation Features of Atrophic AMD (AAMD) and Glaucoma Optic Neuropathy (GON)  
**Stephen H Sinclair**, Drexel University, USA

**Title:** The unique functionality of the Oxidative Phosphorylation proteins in the rod disks offers new insights into rod-driven retinal degenerations  
**Isabella Panfoli**, Genoa University, Italy

**Title:** Targeting the suprachoroidal space by a novel resistance sensing mechanical injector: beyond drug delivery  
**Chan Zhao**, Peking Union Medical College Hospital, China

## ORAL PRESENTATIONS

**Title:** No Drops after Cataract Surgery: A Patient Centered Approach – Feasibility Study  
**Kraig Jamieson**, NHS Tayside, UK

**Title:** A Systematic Analysis of Concomitant Amblyopia and Strabismus in Children with Autism Spectrum Disease (ASD) in the US  
**Julia Goetz**, Albert Einstein College of Medicine, USA

**Title:** Quality And Reliability Of Cataract Related Videos On Youtube Platform  
**Selcan Ekicier Acar**, Ankara Atatürk Sanatory Training and Research Hospital, Turkey

## POSTER PRESENTATIONS

**Title:** The Analysis of Adipogenesis and Inflammatory Response in Orbital Fibroblast from Adult and Pediatric Graves' Ophthalmopathy

**Junghyo Ahn**, Pusan National University, Korea South

**Title:** Tunable focus ophthalmic lens for refractive error diagnosis and correction

**Peter Podar**, Vanderbilt University, USA

**Title:** Metastatic Testicular Primitive Neuroectodermal Tumor of the Orbit

**Megan Tran**, University of Pennsylvania, USA

**Title:** Impact of the ACGME Merger on Ophthalmology Match Success: A Pre- and Post-Merger Comparative Analysis

**Anna Flits**, Rowan- Virtua School of Osteopathic Medicine, USA

**Title:** Comparing Outcomes of Adjustable Spectacles and Conventional Refraction Methods Among Mongolian Children in a Service-Delivery Program

**Laura Haller**, Touro University, USA

**Title:** Effects of Socioeconomic Factors on Visual Outcome and Management of Wet Age-Related Macular Degeneration Patients

**Normila Barthelemy**, University of Miami, USA

# Venue

## Boston, USA

Boston, USA, is a historic city known for its rich colonial heritage, prestigious universities like Harvard and MIT, and its role in the American Revolution. It offers vibrant neighborhoods, sports culture, and a scenic waterfront. Boston blends tradition with innovation, making it a dynamic center for education, technology, and history.
