4th International Conference on
Optics and Laser Technology

October 07–08, 2027 | Berlin, Germany

Theme: "Innovating Light: Transforming Vision and Technology"

OPTICS 2027

CME | CPD |CEU Accreditation

This HYBRID EVENT allows you to participate as In person at Berlin, Germany or Virtually from your home or workplace.

Overview:

The Optics 2027 Conference is a leading forum for optics, photonics, and laser technology professionals to exchange knowledge, present research, and discuss advancements in the field. It provides a platform for experts, researchers, and industry leaders to explore emerging trends, innovative technologies, and scientific developments that shape modern optical science. Attendees will have the opportunity to engage in discussions, gain practical insights, and contribute to the progress of optics and laser applications.

Sponsorship and Exhibitor Opportunities:

We are excited to invite you to sponsor and exhibit at Optics 2027.
Download the Exhibitor and **Sponsorship** Prospectus. If you have more queries on Exhibitor and Sponsorship please write an email to **info@scitechseries.com.**

Call for Abstracts:

We invite optics and photonics experts, industry professionals, researchers, and students to join us at the conference and submit abstracts highlighting their latest studies, innovations, and findings in optics and laser technology. If you are interested in presenting your work whether from academia, research, or industry this is your opportunity to share insights with a global audience. A sample template is available on the Abstract Submission page of the conference website. Accepted abstracts will be published in the Conference Extended Abstract Book, which will be available online and distributed at the event.

Join us in shaping the future of optics and laser technology by presenting your research at Optics 2027!

Scientific sessions:

- Nanophotonics and Plasmonics
- Optics in Cultural Heritage Preservation
- Optics for Renewable Energy
- Terahertz Science and Technology
- Laser Cooling and Trapping of Atoms
- Atmospheric and Space Optics
- Optical Communication Networks
- Optical Metrology and Instrumentation
- Holography and 3D Imaging
- Optical Materials and Devices
- Advanced Laser Systems and Applications
- Ultrafast Laser Science
- Laser Material Interaction and Processing
- Biophotonics and Medical Applications
- Emerging Trends in Optoelectronics
- Laser Safety and Regulations
- Fiber Optics and Communications
- Quantum Optics and Information
- Optical Imaging and Sensing
- Nonlinear Optics and Photonics

Important Dates:

Abstract Submission Opens on: November 02, 2026
Registration Opens on: November 03, 2026
For Abstract submission visit: www.scitechseries.com/optics/abstract-submission

Conference Registration:

Speaker (Physical)	€ 574	Listener (Physical)	€ 645	Exhibitor (Physical)	€ 2343
Speaker (Virtual)	€ 369	Listener (Virtual)	€ 439	Exhibitor (Virtual)	€ 1334

REGISTRATION BENEFITS

For In-person attendees

- Entry to all conference sessions, poster presentations, and the exhibition area
- Conference kit comprising a name tag, program booklet, and abstract book
- Two coffee breaks and lunch provided for each day of the conference
- Access to available CME, CPD, and CEU credits.

For Virtual attendees

- Access to all presentations
- An E-abstract book and program
- Access to available CME, CPD, and CEU credits.

For more registration queries, please contact: **finance@scitechseries.com**

VENUE: BERLIN, GERMANY

Berlin, Germany, provides an inspiring destination for Optics 2027, combining scientific excellence with cultural richness. As a leading European research and technology hub, Berlin offers opportunities for knowledge exchange, networking, and collaboration. Participants can explore iconic landmarks, including Brandenburg Gate, Reichstag Building, and Museum Island, while experiencing the city's vibrant atmosphere.
